Expirience

- 2y+ in Front-end and back-end web devlopment.
- Incorporated third-party APIs into the web application for data exchange and real-time updates.
- Developed a RESTful API that served as the backend for a web application(insights-blogs.vercel.app), improving scalability and reducing latency.
- Developed a modular, single-page web application(the handsomedev.com) in React and NextJS that incorporated responsive design principles.
- 2y in Planning, designing in Figma and implementing the design in React and NextJs(dustee-music.vercel.app).
- Worked with a styling library Tailwind for 2y to develop all deployed projects
